Additional description

The Rodeo range of seating by the BePureHome brand is modern, tough and contemporary. This chaise longue sofa on the right is generous, offers plenty of sitting space and features a sturdy fabric Recycle leather. Because of the slim frame and loose cushions, the sofa subtly shows in the living room.

The legs are made of black metal. The seat height is 45 cm, the seat width is 274 cm (120 cm from the lung chair part), the seat depth is 60 cm (125 cm from the lung chair part) and the height of the armrests is 67 cm.

What is Recycled Leather? When cutting the patterns of the hides and skins, factories are left with remnants. These remnants are used to create Recycled leather. Recycled
